

Supplement to Dawes, R. L., 2024, "Glaciotectonics of the Okanogan Lobe, North Central Washington State," Geological Society of America Abstracts with Programs. Vol. 56, No. 4, 2024, doi: 10.1130/abs/2024CD-399236, URL <https://gsa.confex.com/gsa/2024CD/meetingapp.cgi/Paper/399236>.

Table of Selected Glaciotectonic Landforms, Waterville Plateau, north central Washington state					
Hill-hole pairs	Hill location (approximate center)		Hole location (approximate center)		
Name of feature or nearby place name. Pt refers to elevation point (ft above sea level) marked on 1:24,000 scale USGS topographic map.	latitude	longitude	latitude	longitude	hill type
Pot Hills, BM 2242	47.8146	-119.4567	47.8430	-119.4859	composite ridge
Burke Hill, Pt 2541	47.7938	-119.7102	47.8035	-119.7026	cupola hill
Lone Butte, Pt 2557	47.8166	-119.7343	47.8286	-119.7238	cupola hill
hill W of Lone Butte	47.8197	-119.7732	47.8239	-119.7676	cupola hill
Piersol Hills, Pt 2307	47.8328	-119.5359	47.8364	-119.5417	composite ridge
Hook Hills, Pt 2358	47.8646	-119.5184	47.8709	-119.5231	cupola hill
Wheeler Hills, Pt 2332, Rummel Lake	47.8505	-119.5269	47.8535	-119.5309	composite ridge
SW of Pot Hills	47.7915	-119.5073	47.7980	-119.5107	composite ridge
N of Burton Draw	47.6747	-119.5421	47.6762	-119.5425	cupola hill
Chester Butte, Pt 2394	47.7386	-119.5399	47.7449	-119.5432	composite ridge
E of Grimes Lake	47.7316	-119.5729	47.7423	-119.5722	raft
W of Grimes Lake	47.7527	-119.6036	47.7550	-119.6035	cupola hill
W of Mansfield, Pt 2525	47.7738	-119.7382	47.7766	-119.7352	raft
W of Mansfield	47.7863	-119.7782	47.7887	-119.7744	composite ridge
SW of Mansfield	47.7652	-119.7823	47.7743	-119.7746	cupola hill
SW of Mansfield, Pt 2711	47.7435	-119.7795	47.7512	-119.7716	cupola hill
NW of Cornehl Lake, Pts 2824, 2543	47.8881	-119.8133	47.8893	-119.7951	composite ridge
W of Cornehl Lake	47.8857	-119.7892	47.8875	-119.7814	cupola hill
Whisky Rd NW, Pt 2766	47.9242	-119.8195	47.9302	-119.8051	composite ridge
Dyer Butte, Pt 2953, Dezellel Lake	47.9857	-119.7724	47.9879	-119.7540	composite ridge
W of Alexander Lake, Pt 2896	47.9983	-119.7719	47.9993	-119.7681	composite ridge
W of McLain Lake, Pt 2725	47.9917	-119.7411	47.9931	-119.7328	cupola hill
E of Timber Peak	48.0410	-119.7265	48.0476	-119.7230	composite ridge
Duley Lake	48.0186	-119.4118	48.0278	-119.4099	composite ridge
on Pearl Hill W of Duley Lake	48.0343	-119.4335	48.0369	-119.4326	cupola hill
on Pearl Hill, Pt 2431	48.0324	-119.4907	48.0436	-119.4928	composite ridge
Ragged Butte, Pt 2478	47.9971	-119.3852	48.0110	-119.3859	composite ridge
E of Ragged Butte, Pt 2329	47.9888	-119.3548	47.9932	-119.3567	composite ridge
S of Pearl Hill	47.9543	-119.3566	47.9661	-119.3607	cupola hill
Klinkhammer Lakes, south lake	47.9999	-119.4578	48.0035	-119.4594	cupola hill

Notes: (1) These landforms were selected based on criteria for identifying glaciotectonic hill-hole pairs (Aber and Ber, 2007). (2) This is not an exhaustive list. It includes most of the largest glaciotectonic hills recognized in the area and examples of smaller ones.
